Features in the MetaSlider Gallery Window

Lightbox Windows with MetaSlider Gallery · https://www.metaslider.com/docs/gallery-icons/

The MetaSlider Gallery window provides features that your visitors can use to interact with your images.

Display features

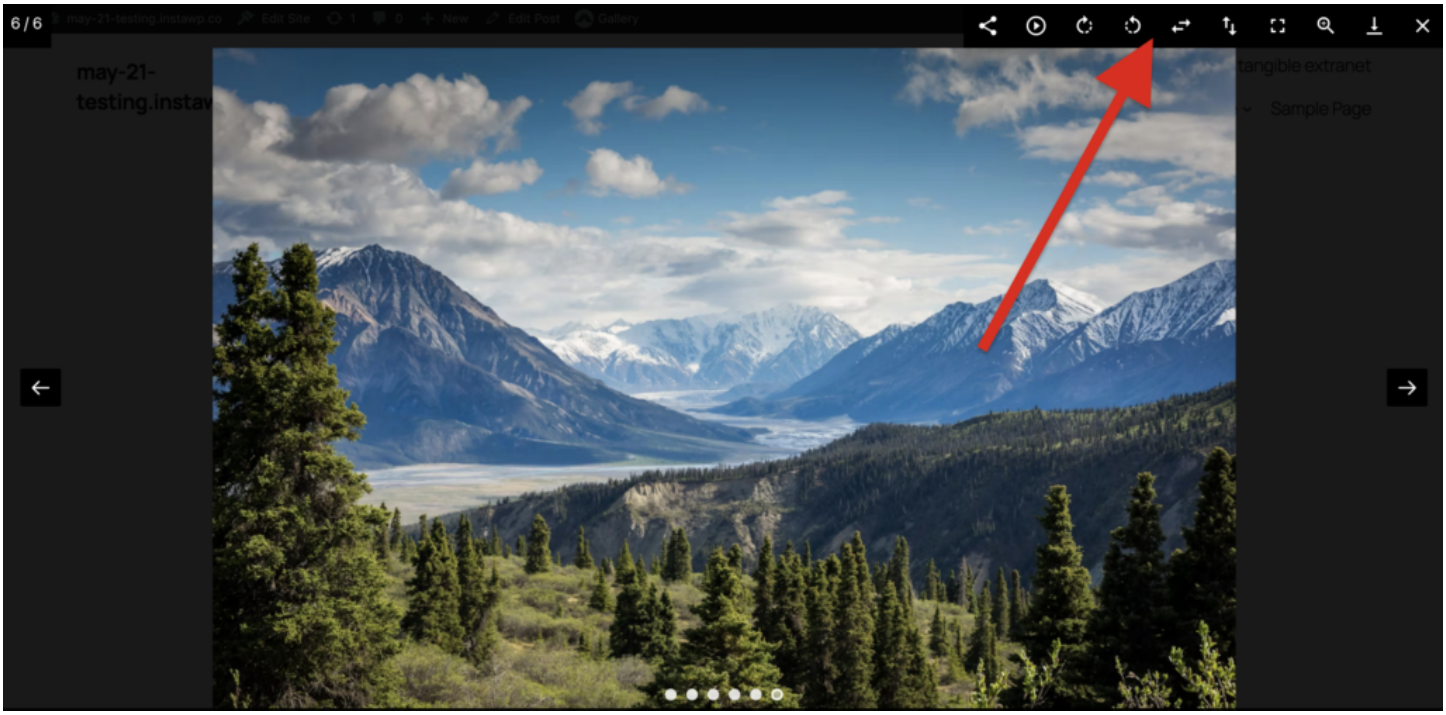

MetaSlider Gallery adds several display features to your images. We've labeled those in the screenshot bellow:

1. **Arrows**: These left and right arrows allow visitors to browse your gallery.
2. **Slide counter**: This shows the total number of slides and the current slide number.
3. **Thumbnail strip**: This shows preview images that allow visitors to navigate the gallery.
4. **Captions**: This adds a text caption to your images.
5. **Pager**: This will show a dot navigation area below each image.

Features in the Toolbar

- **Share** (MetaSlider Pro): Enable users to share images on Facebook, X, or Pinterest.
- **Autoplay** (MetaSlider Pro): Automatically advance through the images without the user clicking.
- **Rotate** (MetaSlider Pro): Users can rotate images left or right, plus flip them vertically or horizontally.
- **Fullscreen** (MetaSlider Pro): Expand the gallery window to fill the whole screen.
- **Zoom** (MetaSlider Pro): Pinch or scroll to zoom in and out of gallery images.
- **Download**: Users can download the image from the gallery.
