MetaSlider Pro Versions and Multisites

MetaSlider Pro Versions · https://www.metaslider.com/docs/multisite-license/

Good news for multisite users: you only need one site license for your multisite network.

In your "Network Admin" area, use your email address and license key to connect to MetaSlider.com. Once that's done, you can click "Network Activate" and use you can use the MetaSlider Pro version on all the sites on your network.
